

**\$25,000,000
OF CITY REVENUE
BONDS ARE SOLD**

Bear Three and Three-quarters
Per Cent. Interest and Run
for Six Months.

Comptroller Metz to-day sold \$25,000,000 worth of revenue bonds, bearing interest at the rate of 3½ per cent, for six months. These bonds are sold to furnish the city with money in anticipation of the payment of taxes in October.

The Comptroller and several syndicates were negotiating last week for the sale of \$40,000,000 in six months revenue bonds but the negotiations did not go through. The bonding houses wanted 4 per cent. interest, while Mr. Metz wanted to bring them down to 3½ per cent. The syndicates struck out and the negotiations fell through for a time, but the Comptroller and Deputy Comptroller McCooey kept on looking for the money and succeeded in selling \$25,000,000 worth at 3½ per cent.

The issue of \$25,000,000 of bonds by trust companies, bankers and others, was thought certain just week. Whether any more bonds will soon be taken up is not known, but if the Comptroller can get as good a rate probably more will be issued.

Koch & Co. and the Guaranty Trust Company took \$10,000 each of the bonds, the remaining \$25,000 going to eighteen different brokers and banking houses.

It is understood that a considerable part of the revenue bonds will be placed in Paris, as the French bankers have always shown a great preference for New York revenue bonds.

\$100,000,000 BOND ISSUE BY UNION PACIFIC

Harriman Announces That Half Will Be Used for Construction and New Lines.

E. H. Harriman announced to-day that the stockholders of the Union Pacific Railroad Company will be asked at their meeting at Salt Lake City next Monday to authorize a sum of \$100,000,000 of bonds. He said that \$60,000,000 of this amount will be reserved for issue under strictly guaranteed provisions for construction and acquisition of new roads and additional equipment.

Mr. Harriman's statement follows:

"The financial requirements of the Union Pacific have been much exaggerated. The maximum amount required is \$100,000,000, but we want to resume development and put our people to work. In no event, however, will over \$60,000,000 be borrowed against the properties we now own."

"Our meeting is a preliminary step to put the company in a position to take advantage of opportunities as soon as they arise."

The Comptroller and several syndicates were negotiating last week for the sale of \$40,000,000 in six months revenue bonds but the negotiations did not go through.
